

JAP DESTROYERS

Sail Into Chefoo Harbor During Darkness

CAPTURE RUSSIAN DESTROYER

A Brilliant Feat by the Plucky Japs
Baltic Squadron To Sail. Jap
Cruiser Reported Sunk Huge
Cost of War

RUSSIAN FLEET BROKEN UP.

London, August 12.—Developments in the war today indicate that the siege is getting too hot in the harbor for the Russian fleet at Port Arthur, and it made a sortie at the request of the commander at Vladivostok. The torpedo boat destroyer Ryeshitely got away and escaped to Chefoo, where it is now being watched by the Japanese torpedo boats. Other members of the fleet were forced back into the harbor, Togo being on the alert. The Russian ships before leaving Port Arthur, took on board heavy stores and machinery and material for ship repairs.

RUSSIAN BATTLESHIPS DAMAGED.

Chefoo, August 12.—The Russian squadron left Port Arthur in response to imperative orders from Vice-Admiral Skrydoff. Semi-official telegrams report that the Russian battleships Pobieda and Retvizan have returned damaged to Port Arthur.

Three Japanese torpedo boat destroyers are now outside this harbor watching the Russian torpedo boat destroyer Ryeshitely, which still flies the Russian flag. Torpedo boat destroyer Ryeshitely has been dismantled by the removal of the breeches of the guns.

HAS JAPANESE CRUISER BEEN SUNK?

It is reported that the Japanese protected cruiser Kasagi was sunk off Round island in a recent engagement. The only Round island found on maps and charts available is situated off the southwest coast of Corea. If this is the Round island referred to an engagement took place not far from Mokpho, the well known port on the southeast coast of Corea.

RUSSIANS MAKE A RUSH.

Liao Yang, August 12.—General Libvin made a reconnaissance in the valley of the Tais river on the night of August 6th, seeking the Japanese at Chanchuan. Three companies of Cossacks rushed the Japanese outposts in order to develop the strength of their reserves, but were soon driven back.

HUGE COST OF THE WAR.

Tokio, August 12.—The cost of the war to Japan to date is one hundred million dollars. Seventy million dollars have been spent in their own country.

BRILLIANT FEAT OF JAPANESE DESTROYERS.

Chefoo, August 12.—Two large Japanese torpedo boat destroyers, which have been hovering outside the harbor entered under cover of the darkness last night, showing no lights, and anchored a quarter of a mile from the Russian torpedo boat destroyer Ryeshitely, which had been removed to permanent anchorage. The Japanese officers said they would depart at daylight.

JAP DESTROYER HAS RUSSIAN BOAT IN TOW.

Chefoo, August 12.—A boarding party from the two Japanese torpedo boat destroyers boarded the dismantled Russian torpedo boat destroyer Ryeshitely this morning. Daylight showed a third Japanese destroyer towing the Ryeshitely out of the harbor and disappeared. The Japanese consul claims that the Japanese ships were ignorant of the dismantling of the Ryeshitely.

WHERE IS THE PORT ARTHUR SQUADRON.

St. Petersburg, Aug. 12.—Public anxiety regarding the fate of the Port Arthur squadron is unrelieved. The squadron is believed to have passed Shantung promontory. The family of Lieutenant Smynoff, officer of the battleship Czarevitch, tonight received a telegram from him dated Tsin Chau. The message only contained two words: "Alive, Embrace." Tsin Chau is sixty miles southwest of Chefoo in the province of Shantung at the entrance to Kia Hau Bay.

Chefoo, August 12.—The Russian protected cruisers Askold and Novik, and one torpedo boat destroyer, entered Kia Chau Bay last night and exchanged salutes with German vessels.

BALTIC SQUADRON WILL SAIL.

Cronstadt, August 12.—Admiral Brilleff, commander of the naval forces, has ordered Vice-Admiral Rojestvensky, commander of the Baltic fleet, and his staff, to take up headquarters on board the battleship Souvaroff and be in readiness to sail on August 14th.

RUSSIA PROMISES TO BE GOOD.

London, August 12.—In the Commons Premier Balfour said he was perfectly confident that no neutral ships would be again sunk by the Russians. He fully agreed in the statement that such sinking was an international outrage and the government had expressed to Russia in the clearest way possible that view with the above result.

EXPLANATORY

Editor Bulletin:—A few words from me may be in order to explain some statements made in connection with the disappearance of my wife.

In the first place there was no family jealousy whatever. During a few words between us she said she loved Graham, but immediately afterwards denied and regretted this, saying that she said it only to make me angry, which I afterwards found out was true. In the second place it was stated that I had said that I overheard my wife speaking to the child at one o'clock a.m. This is not true.

Thanking you for this space, I am yours,

E. C. KUHNERT.

Edmonton, August 11th.

What Britain Should Demand

London, Aug. 10th.—The Times says editorially: "The Russian net is cast so wide that it is to place every neutral vessel trading with Japan at the tender mercies of the Russian cruisers. What these mercies are likely to be shown by the outrage, as Lord Lansdowne calls it, which was perpetrated in the case of the Knight Commander. Premier Balfour declares that the government has not abandoned its position in regard to that incident in the slightest degree, but still holds that whether the allegations made against the ship are true or not they do not afford adequate justification for sending a neutral vessel to the bottom.

"The nation will expect the government not merely to adhere to their view in this case, but to press it firmly and persistently upon Count Lamsdorff, the Russian foreign minister, by all the means in their power. Our traditional attitude upon what is likely to prove the main issue, the definition of 'contraband' has been expressed with force and clearness. What we must admire and may be tempted to envy is the circular note of Mr. Hay to representatives of the United States and that we shall steadfastly uphold them and shall exact early and full redress for all offences against what we hold to be our undoubted and unquestionable rights. That is what the country confidently expects of its rulers."

Mountain Peak Scaled

Blairmore, Alberta, August 10th.—A red flag floating from a staff on the crest of Crow's Nest mountain signalizes another mountain climbing triumph achieved in the Canadian Rockies. The majestic dome which overlooks the entire valley of the Crow's Nest pass from the summit east and from which the pass derived its name, has been climbed, a feat which has hitherto been believed to be among the things impossible.

Credit for the achievement belongs to Edward Whymper, of London, England, famed as the most noted mountain climber in the world, for while Mr. Whymper was not first to place foot on top of the mountain it was due to his initiative that the attempt was made and it was only owing to a breach of faith or perhaps over enthusiasm on the part of his assistants that he did not enjoy the distinction of leading the ascent. And thereby hangs a tale of most poignant chagrin suffered by Mr. Whymper who had promised himself the addition of another laurel to his crown of fame.

Mr. Whymper arrived in the pass a few days since, accompanied by Guides Thomas Wilson, of Banff, and two Swiss mountain climbers for assistants. Preparatory to attempting the ascent he sent the two assistants out to locate as easy a route as possible to the base of the mountain where the serious part of the work would begin. He expected to join them there and lead the ascent proper. But for some reason they did not return until they had made the ascent and planted a flag on the highest peak of the mountain. The climb is said to have been a most difficult one, but was accomplished without mishap.

"I am greatly disappointed, naturally," said Mr. Whymper, in speaking of the matter to your correspondent this morning. I had been given to understand that the mountain was considered impossible of ascent, and as the only thing in climbing a difficult mountain is the credit of being the first to accomplish the feat I feel much chagrined, the more so, that it was my own men who got ahead of me."

Coming to Alberta

Herald:

Within the past week a large number of that type of outfits known as "prairie schooners" have arrived in Calgary from the south. Some of them have continued on north. Others remained and their occupants are camped along the Bow river west of the city.

These new settlers have driven for many miles. Most of them are from those disappointed in the lottery at the Rosebud reservation. Still others come direct from Central Nebraska and Northern Iowa. With few exceptions these settlers are prosperous. Those who have visited the land office display every evidence of wealth and more than the usual degree of refinement. Mr. Sutherland has been asked frequently to recommend farms that they might purchase. Altogether they are the finest type of settlers seen in the locality for years.

The outfits consist chiefly of a single big covered wagon but some of them are accompanied by big three seated "spring" wagons, in which the women and children ride. All these settlers have their families with them.

It is the evidence of comfort and prosperity that attracts the casual observer of these new immigrants. In some cases the women and children have been left at the hotels and the men have camped out with their stock. One of these camps a mile northwest of the Bow is provided with all modern camping utensils and during this weather is even more comfortable than the average hotel. It contains the families of three different men, all of them from the immediate vicinity of Kearney, Neb. They have 30 head of stock, six fine wagons and two black men to aid in driving and grooming. The tents are provided with extra flaps so as to keep off the sun's rays or rain and in each is a small gasoline stove, besides a big old fashioned oven to be used when fuel is plentiful. They have regular camp stools and mattresses. Altogether it is one of the most prosperous appearing set of travellers seen in Calgary for many a day. They are en route to the vicinity of Red Deer, the exact location is not yet determined.

One of the settlers told a reporter they had been travelling sixty days. He thought they had averaged 30 miles a day and had therefore covered nearly 2,000 miles. Some days they had rested, however, and this had cut down the average.

Further John C. Love, of Kearney, Neb., said: "We started originally for Central Alberta but saw so many folks going to the Rosebud agency that we were diverted from our course. When we got there we found thousands disappointed. They were scattering in every direction. I saw hundreds turn toward Canada. In fact several families who were able to keep up with us stopped south of here in what I believe they called the Pincher Creek district. We were well mounted and very few could keep up with our party."

"I never saw so many people travelling the same road in wagons. We passed any number. I saw one man with nine children and a wife in one wagon and leading five cows. I believe the Rosebud lottery did much good for this section, as people started there and then came here."

"We had been thinking of coming here for a year. A friend of mine at Kearney was instrumental in getting me started. It's curious how a whole section got interested in Canada. Some chap sent a paper — I think it was the Family Sun or the Weekly Herald of Montreal — to some ex-Canadians residing there. He gave it to my girl who read a love story in it and threw it down in the kitchen. One of the boys picked it up and he told about the homesteads that were being taken up. We studied it and then I wrote to the people in Ottawa. They sent me a trunk full of circulars. Then the C. P. R. folks at Winnipeg, a Mr. Griffith, sent me some data about rates. They were too high, though, for we wanted to see the country and it was cheaper to travel this way."

"Finally a land agent came along and offered me \$38 an acre for part of my section that I had homesteaded 21 years ago, and \$72 for a quarter of improved property. So I concluded to sell. Then I had to go somewhere and I got to thinking about Canada in earnest. My neighbors sold their land and we started together."

"Yes, we will buy improved farms, but let our boys homestead."

FRIDAY, AUGUST 12TH, '04.

PARLIAMENT

Ottawa Correspondence:

The Militia Bill Again

The discussion on the third reading of the Militia bill, which occupied the greater part of Tuesday was largely a repetition of that in committee of the whole on the same bill on Monday; that is to say, it consisted of declamation by members of the opposition, seasoned with what would be called spread eagles south of the line, and general accusations of disloyalty to the Empire against all who were not members in good standing of the party of the opposition—with-out actually committing anybody to anything.

Politics and Race Prejudice

A more blatant and brazen attempt to create political capital out of race prejudice was never made in Canada either in parliament or out of it; at the same time the needs of the militia and the defence of Canada were not even alluded to, much less any suggestion of improvement made.

Foreign Service

The argument of Monday was that the fact of the new Militia Bill not providing for foreign service of the Canadian militia in the wars of the empire was evidence of disloyalty to the Empire on the part of the government and especially on the part of the nationality to which the Premier belonged. Although the most lurid statements and wildest assertions were made, the only attempt to give effect to the speeches was a proposed motion of Colonel Hughes which was afterwards withdrawn.

Is a Canadian Fit to Command Canadians

On Tuesday the whole discussion was on the amendment which permitted a Canadian to hold the position of general officer commanding the Canadian militia. Hitherto this position has been restricted to officers of the Imperial army; but the experience of Canada during the past twenty years in dealing with the succession of British officers who have held the position has been such as to lead to the conclusion that the restriction is unwise and therefore in the new bill it has been dropped.

Col. Tisdale Thinks Not

Colonel Tisdale, at one time Minister of Militia, went further than his colleagues of the previous day and actually moved an amendment to place the law as it was before; that is to say, to restrict the position of general officer commanding to an officer of the British army. During a two hours' speech he rung the charges on the disloyalty and general iniquity of the government which would presume to think that a Canadian could possibly be competent for this position. He objected specifically to the more complete centering of authority in the Minister of Militia, preferring that the militia should be under the control of the general officer commanding, the duties of the Minister and of the government being confined to furnishing him with the necessary funds to carry out his ideas. He also objected to the proposal of the new bill for a military council, by which it was intended to give continuity of policy in militia matters to Canada.

Continuity in Militia Policy Needed

As explained by the Minister, the first work of each successive general officer commanding was to pull down or make over the work of his predecessor; it was hoped by the new system to have continuity of an intelligent policy and one suitable to the resources as well as the requirements of the country.

Two More Colonels Heard from as to Fitness of Canadians to Command

Colonel Ward and Colonel Hughes supported the contention of Colonel Tisdale.

Borden Manfully Straddles the Fence

Mr. R. L. Borden as usual took a carefully calculated middle course, which while finding fault with the Government did not commit himself to the absurd contentions of his followers.

Did not Vote for Their Own Motions

The insincerity of the Opposition party on the question may be best judged by the fact that Colonel Tisdale's amendment was lost on division that is to say, was permitted to be declared lost without a count of the votes, so that no member of the Opposition who did not speak on the subject is on record in support of Colonel Tisdale's proposal to exclude Canadian officers from the command of the Canadian militia, while willing to take all the political capital they can get out of the accusations of disloyalty made against their opponents in the House.

Dundonald's Views Find no Champions

It will be observed that the Militia Bill has gone through Parliament without any question being seriously raised as to the adequacy of the measures taken for Canadian defence, either in the organization of the militia, in its equipment or in fortification of the frontier. The proposals of the bill which establish beyond question the control of the Minister of Militia over the militia affairs of the country has also gone without question, and the provision relieving from the necessity of having a British army officer as general officer commanding was only supported by the Opposition by talk and not by votes.

Militia in Suppressing Riots

An amendment was moved by Mr. Logan in regard to the calling out of militia to suppress disturbances in a municipality. The effect of the amendment is that the requisition for military assistance must be signed by the mayor or warden and two magistrates. If the mayor refuses to sign it the signature of the local judge may be accepted.

Extension of the Intercolonial

Resolutions for the purchase of the Canadian Eastern Railway were placed before the House. The price is \$800,000. The line connects Fredericton, N. B., with Newcastle on the Intercolonial and will give the Intercolonial access to the business of the St. John valley and of Fredericton, the capital of the province. The proprietors were desirous of disposing of the road and it was a question as to whether the C.P.R. or the Intercolonial would purchase it. The people served by the road were very anxious that it should become part of the Intercolonial, thereby introducing the competition of that system into Fredericton and the St. John valley.

Haggart on Government Ownership

Haggart, ex-Minister of Railways, objected very strongly to the purchase, declaring that this branch would be a drag on the I.C.R. The general impression appeared to be that as a branch of the I.C.R. both the country served would be benefited and the I.C.R. would improve its traffic considerably.

PEACE RIVER INVESTIGATION

The following is the report of the Agricultural Committee of Parliament on the evidence given by J. M. Macoun on his examination of the Peace River country in the season of 1903. This was arrived at after a very lengthy and stormy cross-examination before the Committee:

The Committee have had before them, and heard Mr. James M. Macoun, Assistant Naturalist of the Geological Survey Branch of the Department of the Interior, upon his observations on the Peace River District of the North West Territories, to which he was sent by the Department in 1903, for observation in relation to its agricultural capabilities. His examination on evidence, before the Committee was referred to a Sub-Committee for consideration and report, the report of the Sub-Committee which followed was adopted by this Committee as their own, and is as follows:—

"1. In our opinion, the evidence of Mr. Macoun had better be printed as reported, with such remarks by Honourable members as appear therein. Any elimination in our judgment, might mutilate the same so as to mar the sense.

"2. After carefully considering the evidence given by Mr. Macoun, before the Committee, we are of the opinion that he was not possessed of sufficient information to make a report upon the Peace River country, and that

he was not warranted by the facts within his knowledge in making the report he did, and in arriving at the sweepingly unfavorable conclusions he has. Mr. Macoun spent less than three months in the Peace River country, travelling the greater part of that time on foot. The area covered by his report amounts to considerably over twenty million acres, and it is unreasonable to suppose that any man could, within that time, acquire sufficient knowledge to enable him to make the report and give the evidence which Mr. Macoun did.

"3. We find that Mr. Macoun is in direct conflict, in most important particulars, with such eminent authorities as the late Dr. Dawson, the Rev. Dr. Gordon, Professor Macoun (father of the witness) and others. Dr. Dawson says of the Grand Prairie:—

"The soil of the Grand Prairie is almost everywhere exceedingly fertile, and it is covered for miles together by a deep rich loam which it would be impossible to surpass in excellence."

"Mr. Macoun, in his report, says of this same district, in speaking of its soil:—

"This loam, as I saw it, varies from four to six inches in depth; it may be deeper in places, but if so, such soil has not been seen by any one whom I have met in the country."

"In his evidence, Mr. Macoun limits the depth of the soil to four or five inches, with an impervious clay sub-soil. Dr. Dawson, in his report, tells us that in the Peace River district there are at least fifteen million acres of good wheat lands, that the country is well adapted to agriculture. This Mr. Macoun undertakes to dispute. We will not go into the other disagreements between Mr. Macoun and Dr. Dawson and the other gentlemen we have mentioned, but they are striking and irreconcilable. Mr. Macoun, in his report, cites Mr. Ogilvie in support of his contention that this country is not suited to wheat-raising. Mr. Ogilvie, on the same page that Mr. Macoun quotes from, says:—

"Were it not for the difficulty of getting into and out of the country, stock-raising might be profitably engaged in. Hay is abundant and of good quality nearly everywhere; and in summer, grazing is excellent."

"Mr. Macoun condemns this country for stock-raising, and in his evidence, upon being asked: 'Isn't it good for either cattle or grain?' Said: That is what I say. I don't think it necessary to make it plainer. If you

PUBLIC SCHOOLS

ATTENDANCE

Remarkable Attendance at the School Comparison Between This and Last Year

Principal Ramsay of the Edmonton public schools has made the following report to the Board regarding the attendance of the scholars:

During January there were registered 45 pupils in standard V, 24 pupils in standard IV, 133 pupils in standard III, 147 in standard II, 114 pupils in standard Part II, 222 in standard Part I. Total 885. Since then there has been admitted 2 in standard V, 6 in standard IV, 13 in standard III, 27 in standard II, 14 in standard Part II, 72 in standard Part I. Total 134.

Thus the total number registered during the term was: Standard V, 47, standard IV, 30; standard III, 146, standard II, 174, standard Part II, 128, Standard Part I, 294. Total, 819 pupils.

The following shows a comparison with last year, the number given being the pupils in attendance during the month:

	1903	1904
January	453	682
February	461	652
March	475	666
April	474	728
May	524	711
June	485	682

During April, the month of the lightest attendance the number in each room was: Miss Mahaffy 51, Miss Barker 53, Miss Battrick 48, Miss E. Chegwinn 52, Miss E. Miller 48, Miss Osborne 50, Miss McKee 50, Miss K. Chegwinn 49, Miss McCartney 52, Miss Graham 44, Miss Boyle 37, Miss McRae 51, W. A. Munro 55, W. Ramsay 42. Total number 728.

At the close of the term counting the pupils in attendance for June the number in each class was: Standard V, 36, standard IV, 27, standard III, 111, standard II, 151, standard Part II, 109, standard Part I, 249.

There will be promoted to VI, 32, to V, 22, to IV, 41, to III, 66, to II, 62, to Part II, 60. Thus not counting new pupils we should begin the term with standard V, 26, standard IV, 46, standard III, 136, standard II, 147, standard Part II, 107, standard Part I, 169.

C. P. R. Crop Report

The crop report secured by the C. P. R. from all the points on the western division for the week up to yesterday is most favorable, in fact it is the best report of the season by long odds.

Rain was badly needed a few days ago and the showers of rain that fell the past week helped things immensely.

In some places grain had already been cut, but the bulk of the crop will not be ready for a week or two yet.

Following are the reports from the various points:

Crossfield—Weather fine; no rain. Grain 30 to 36 inches.

Carstairs—Weather favorable; 3 hours rain. Grain looking well, will be ready to cut in ten days time with dry weather.

Didsbury—Weather most favorable; three hours rain. Average height, about 28 inches.

Olus—Weather favorable, little rain. Grain 36 inches, crops looking fine, some barley already cut, cutting will begin in general in a very few days.

Powden—Weather favorable; no rain. Grain 30 inches, crops looking well, harvesting expected to start in a few days.

Innisfail—Weather very favorable; one hour's rain. Barley and wheat almost ready to cut; oats ready in ten days.

Red Deer—Weather very good; five hours rain. Hail on Thursday, but

very little damage reported. Grain in some districts commencing to ripen. Blackfalds—Weather favorable; six hours rain. Grain 36 inches high. Lacombe—Weather good; 6 hours rain. Grain 36 inches, beginning to ripen in some places.

Ponoka—Weather favorable; 45 minutes rain. Crops looking well, barley harvest will commence next week.

Wetaskiwin—Weather very favorable; six hours rain. Grain twenty-eight inches high, great improvement in all grain crop.

Leduc, fine, six hours rain, crop heavy, large yield expected, barley being cut.

Strathcona, very favorable, sufficient rain. Grain 26 inches.

MANITOBA CROPS

SPLENDID

No Rust in any Part of the Province.
Thousands of Harvest Hands will
Seek the Western Wheat Fields

Bulletin Special Dispatch.

Winnipeg, Aug. 12.—Hugh McKellar, deputy minister of agriculture, arrived in the city from Brandon yesterday, after paying a visit to the fair at the wheat city.

"What about the crop in that part of the country?" he was asked. "The crops along the line are looking well and commencing to color in some places and judging from the appearances from the carriage windows, are now fairly well filled and everything is standing straight, although heavy, and no signs of rust are noticeable."

"I am very glad that I took the trip for I see we must spare no effort in securing as many harvest hands as last year or even more, to eat the crop."

"We have made the same arrangements as last year and I anticipate that there will be twelve thousand on the excursions who will readily find work, while if fifteen thousand come, they will be required before stacking and threshing are done."

HAIL STORM IN BRANDON

DISTRICT

Track of Country Fifteen Miles wide
Ploughed up by a Driving Hail
Storm

Bulletin Special Dispatch.

Winnipeg, August 12.—One of the heaviest storms that ever visited the province passed between Brandon and Sewell last night. Crops were totally destroyed in its path, which was fifteen miles wide.

RAILWAY COMMISSION

DISCUSS

Questions of Transportation at Carberry. Commissioners now Enroute to Brandon.

Bulletin Special Dispatch.

Carberry, August 12.—The railway commissioners sat here yesterday to take up the question of transportation at this point. The representatives of the companies were driven over the ground by Mayor Walker. The matter was discussed at some length, but no definite decision arrived at. The commissioners and party left in their special car for Brandon.

PORTER AND COOK

DECAMP

With a Couple Hundred Dollars from a Portage Hotel. Detective on Their Trail

Bulletin Special Dispatch.

Portage La Prairie, August 12.—J. McCall, night porter at the Bellevue hotel, left town last night, taking two hundred dollars belonging to G. Goodman, a guest at the hotel. G. O. McWatt, the second cook, also cleared with McCall. They made east and a detective is after them.

NEWS OF THE WORLD

IN BRIEF PARAGRAPHS

Condensed Dispatch Dealing With the Day's Most Important Happenings

Winnipeg, August 12th.

Two attempts were made to rob the Union Bank at Baldur, Manitoba. Two men were killed at Walsingham, Ontario, by a bursting boiler.

A laborer at Sheho, N.W.T., attempted to kill his companion with a razor.

An intermediary committee failed to bring about any settlement of the packer's strike.

Isaac Gravelle, a Montana thief, killed a deputy taking him to trial; fought a mob and then suicided.

A revolution has broken out in the Argentine Republic and the insurgents have gained some advantages.

The Canadian Northern Railway has given the Winnipeg city treasury a check for \$30,100, in payment for Broadway.

Water from a large pond broke into a North Carolina mine, drowning eight men. Only the manager escaped.

More than five thousand mechanics and farm laborers have been settled in and around Toronto during the year. It is generally believed in Ottawa that Col. Lake has received the appointment of chief of staff for Canada.

United States Secretary of State Hays will make a final test of the right of belligerents to seize food-stuffs as contraband.

Hugh McKellar, deputy minister of agriculture, emphatically denies that there is black rust in Manitoba.

The Dominion government is considering the improvement of the telegraph communication with Prince Edward Island.

Reports from Nelson show that much damage is being done by forest fires which have burned much mining property.

Ex-Governor Ross of the Yukon and T. O. Davis, M.P., are likely appointees for the vacant Territorial senatorship.

DOLLAR WHEAT

GUARANTEED

Wheat Soared away up on Chicago Market and Shorts were run to Cover. Excitement Intense

Bulletin Special Dispatch.

Chicago, August 12.—Wheat had its most exciting day so far on the market yesterday. It advanced almost five cents from the opening. The closing was around the top.

The crowd sold short early and fought the market for a while, but were finally run to cover.

Sold out bulls, who were predicting \$1.25 wheat, have not bought back one-tenth their lines and the market is in shape for considerable further advance.

The trade has come to the conclusion that a very small crop will be grown this year, probably not enough to supply home requirements.

It looks certain now that wheat will rule over one dollar this crop this year and the only thing to do is to buy the futures at every weak spot.

ONTARIO SAW MILL

FATALITY

Boiler Burst Blowing two Men into Eternity. Another Fatally Injured

Bulletin Special Dispatch.

Langton, August 12.—The boiler of Smith's sawmill exploded yesterday afternoon. Isaac Leworg and Norman Wingrave were killed and John Leworg was fatally injured.

WETASKIWIN WINS

Just as we go to press a dispatch from Wetaskiwin states that the local baseball team defeated Strathcona by a score of 7 to 5.

Ministerial Mountain Climbers

Herald:

Mount Hermit, one of the highest peaks of the Selkirk range was ascended last week by Rev. Dr. Herdman, Rev. A. Gordon, of Banff, and Rev. Harper Gray, of Dundas, Ont. The party were accompanied by Ed Feuz, one of the C. P. R. Swiss guides.

Climbing to the peak of Hermit mountain is a feat never before accomplished, according to the records.

The party left the Glacier house last Wednesday afternoon and spent the night in a hut just below the timber line. The party were roped together, and after several hours of careful climbing, the peak was reached.

Rev. Dr. Herdman, who is a veteran mountain climber, was most enthusiastic about the achievement and declared the sight to be one of the grandest he had ever seen. From the peak of Hermit mountain he counted over two hundred separate peaks.

There was the beautiful Columbia river winding its way through the mountains.

The party ascended the three peaks of Hermit mountain, built a cairn, as is the custom, and descended the side opposite to which they had made the ascent.

SPORTS

FORT SASKATCHEWAN

DEFEATED

In a Pretty Game of Ball, Edmonton Wins by a Score of 8 to 6 and an Innings

The Fort Saskatchewan baseball team arrived in Edmonton last evening to play an exhibition game with the local nine and returned home later in the evening with a higher opinion of the Edmonton team's ability to play ball. Every innings of the nine was keenly contested and both teams played good ball. Quite a large crowd turned out to see the match. Noticeable among the spectators was quite a number of ladies. For some reason or other as a rule very few of the gentler sex in Edmonton turn out to the summer sports. This is very different to most all other towns and should not be. Last night however was an exception and the boys hope that henceforward the ladies will grace the game with their presence.

The game commenced on the Exhibition grounds shortly after 7 o'clock. The Fort went to bat first. Atkinson and Simonds were batted out in quick succession. Kinnear made first on a short hit and stole to second, but died there on Steeves being batted out. Magirl who was in the box for Edmonton played a pretty game and kept the Fort boys guessing.

Till went to bat first for Edmonton and got first base on balls, and stole to second. He slipped to third as Magirl was put out running to first. Deaton struck out and Fiddler, next to bat, collided with the ball and took first. Gilmour made a safe hit to right field bringing in the doctor but shortly afterwards ran Fiddler off third which retired the side.

Simonds made a long hit to right field getting first and shortly afterwards stole to second. Ball lammed out a hot one to left field giving "Ginger" an opportunity to make connections. The trick was done and Till sat down. Sutter batted to left which looked dangerous but "Ginger" promptly fielded and kept Simonds on third but a pass throw to third brought Simonds and Sutter both in. Whyte struck out and Diamond batted lightly to Milne at second base who poked it in to first in lots of time.

Edmonton was next up. Carr got to first and stole to second and on to third by bank base throwing. Milne batted out and Maloney raced the ball to first but lost. This left two down with Cranston to bat. He batted short to the pitcher's feet and started for first. A bad error by Steeves gave him first in good time and Carr stole home. Cranston attempted to steal to second but was put out by a pretty throw to Kinnear on second by Atkinson.

Atkinson got first on a safe hit and stole to second on an overthrow to first by Magirl. Simonds was put out on first but Harry ran in a score for the visitors. Kinnear got first and stole to second. A feature of Kinnear's playing is his splendid base running. Steeves made first bringing Kinnear in but immediately afterwards was put out by Milne on second by a pretty throw from the home plate. Simonds batted out a sizzler which Deaton picked up and drove in to first retiring the man and the side.

Till got out on first but Magirl got there on a jab over centre field. He quickly got around to third and came home on a two bagger by Deaton. Fiddler, again got his first on a lead ball and quickly made second. Steeves then handed out four balls to Ginger which filled the bases.

Carr made first and Deaton on third was forced to run for it and was put out. Milne drove a hot one away into the right field and brought Fiddler and Gilmour in, leaving Carr on third. Whyte caught a long fly from Maloney retiring the side.

Ball got to first for the Fort and then in quick succession Sutter and Whyte pounded heavy to centre field but were both caught out by Carr who played a nice game throughout. Diamond got first on a dead ball but Atkinson was promptly faded in running to first by clever fielding by Maloney.

Cranston was batted out but Till got to first. Magirl got first on an error by Kinnear. He stole third as Deaton got his first on balls and before Magirl could get in Fiddler was caught out in centre field by Whyte.

Fiddler was napping and Simonds got to first on an easy hit. Kinnear made a two bagger helping Simonds along to third. Steeves made another two bagger and Simonds and Kinnear ran in. "Staff" Simonds was batted out and Ball and Sutter run out on first. Steeves died on third.

Gilmour got first and Carr batted out. Milne got his base on balls and Gilmour travelled around to third. Maloney was put out on first but as before Cranston batted safe, Gilmour and Milne each scored.

Whyte whacked the ball high over second base where Milne quickly nabbed it and Whyte retired. Diamond was batted out and Atkinson faded in an attempt to make first.

The doctor reached first on a light hit to centre. Magirl batted hard and reached first but Till was put out on third. Atkinson threw to second and caught Magirl sliding towards the base. Deaton and Fiddler got to first but Gilmour was put out running to first which retired the side.

Simonds and Kinnear were both caught running to first while Magirl caught a pop fly by Steeves.

This innings was another procession Carr, Milne and Maloney being put out in an endeavor to make first. Milne was put out on a very pretty pick up by Staff Simonds.

Simonds and Ball batted out and Sutter was retired in a vain effort to make first base.

Cranston went out making first but Till got there. Magirl batted out but a splendid three bagger by Deaton over centre field brought in the doctor. Fiddler batted out and the side was retired. This brought the score to 8-6 with an innings for each side.

The Fort went to bat at this the first of the ninth innings, firmly resolved to add a few to their tally. But it was not to be. Whyte batted out and Diamond got first on a short hit. Atkinson got to first as Deaton put Diamond out on second. This left Fort Saskatchewan with two down and Simonds on first. In the excitement Simonds forgot that Fiddler had the ball and moved off the base, being promptly put out. The trick greatly tickled Fiddler.

This retired the side and the game was over Edmonton winning by the score of 8 to 6 with an innings to spare. The most friendly spirit prevailed throughout the game which was one of the most interesting played in Edmonton this year. Edmonton team all played well. The battery was in good shape and it was fortunate that Magirl did the twirling. Deaton, Milne and Gilmour played splendidly. The Fort men all played a good, steady game.

Fort Saskatchewan		Edmonton	
Atkinson	Catcher.	Till	
Steeves	Pitcher.	Magirl	
D. Simonds	First Base.	Fiddler	
Kinnear	Second Base.	Milne	
Simonds	Third Base.	Maloney	
Ball	Shortstop.	Deaton	
G. Sutter	Left Field.	Gilmour	
Whyte	Centre Field.	Carr	
Diamond	Right Field.	Cranston	

Mr. McKenzie made a first class umpire.
The game by innings was:
Edmonton 1 1 3 2 0 0 1-8
Ft. Saskatchewan... 0 2 2 0 0 0-6

Remember the lacrosse match in Strathcona Tuesday evening. There will be no postponement. The struggle must come off that evening. A large number of lacrosse enthusiasts from the city will go across with the team.

The Strathcona baseball team went to Wetaskiwin to-day to play a game with the club there. Milne of Edmonton accompanied the Strathcona team.

The touring Calgary baseball team defeated Maple Creek by a score of 29 to 11.

The following is the record of the games played by the Calgary baseball club while on their tour: Calgary 7, Brandon 3; Calgary 2, Brandon 4; Calgary 6, Brandon 5; Calgary 2, Winnipeg 3; Calgary 11, Portage 1; Calgary 1, Virden 5; Calgary 12, Regina 5; Calgary 12, Regina 2; Calgary 5, Moosejaw 3; Calgary 29, Maple Creek 11.

The lacrosse committee request the following players to turn out to practice tonight: Watkins, Thompson, Brunet, Pearson, Maloney, Elliott, A. Johnston, W. Banford, R. Johnston, C. Banford, D. McKinnon, A. McKinnon, McNamara, Aylmer, Maveety, Nott, Forrest, Kemp, Morden, Morris, Jardine, Cross, Milne, Sawie, Greenwood and any others who play the game.

STURGEONVILLE

Sturgeonville is, in the words of the poet, "A new star just sprung to birth," acknowledging the fathership of Sir Wm. Mulock, postmaster general, and at present under the guardianship of H. Rudd, first postmaster and mail carrier. Sturgeonville is about ten miles north of Lamoureux, in the settlement hitherto known as St. Eugene. Mail will be made up once a week at Lamoureux, and the volunteer mail carriers of the past will be saved the pretence of going to church on Sunday in order to bring out the mail of the settlement.

Haymaking was going on briskly until this week, but nothing has been done since Saturday on account of the rain. It is to be hoped that this wet weather will not continue till the hay sloughs are filled up again. Mr. and Mrs. Renie Noel are receiving the congratulations of their

neighbors upon the safe arrival of a small gentleman who put in his appearance on Tuesday, August 9.

Sergt. Field, who was down with an Indian prisoner from the north, paid a short visit to his father here last week.

Strong efforts were made here a short time ago to organize a baseball team; but as the only practice that was held, only two players turned up, and as they had no bat and perhaps no ball, they decided to adjourn sine die.

August 10th.

PEACE RIVER INVESTIGATION

Continued from page 1.

want it definite, it is less suited for cattle as an industry than for grain-raising. It is not only difficult to get hay for winter, but it is difficult to get water.

"4. It is, in our opinion, to be regretted that Mr. Macoun's report was ever printed or distributed, and we would earnestly advise that no more copies of said report be given to the public until a careful examination of the country by reliable experts can be made, and in this connection, we urge that the Government take immediate action to have this country thoroughly explored and reported upon by competent and reliable men.

"5. We find ourselves unable to reconcile the different statements made by Mr. Macoun in his evidence and in his report.

"6. We consider this matter of vital importance to the interests of Canada, as the report of Mr. Macoun and the evidence given by him before the Committee must necessarily have a very serious effect upon the opening and development of this important section of the Dominion.

"7. Your Committee cannot undertake to decide the differences that exist between Mr. Macoun and the reports of the other gentlemen, but we are strongly of opinion that he had not sufficient knowledge or data upon which to found the conclusions he arrived at."

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 16, which has not been homesteaded, or reserved for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres more or less. ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following upon cultivation of the land in each year during the term of three years:

(1) At least six months' residence years.
(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry

under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with cultivate 30 acres of his homestead, buildings for their accommodation, and have besides 30 acres substantiated.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

LIMITED

LONDON, PARIS, NEW YORK AND EDMONTON

LOCAL

—Train on time.
—The Floto shows will be in Strathcona on Tuesday next.

—T. W. Teafe has opened a grocery and provision store on Jasper avenue west.

—The hearing of the Gilbert Scott case which came up in Strathcona yesterday, has been postponed for a week.

—Painters are giving the finishing touches to the new Imperial hotel, which has been leased by Frank E. Goode.

—Gariopy and Lessard have made an offer of a free site for a city post office on the corner of McDougall and Rice street.

—The first excursion of harvest hands leaves Toronto, August 20, and there will be excursions on August 24, 25, 26 and 27.

—J. A. Knox, of the Edison settlement is in town today. Crops in that district are in splendid shape and ripening fast.

—A complimentary banquet will be tendered Frank Oliver, M.P., on Friday, evening, August 19th. All Liberals and supporters of Mr. Oliver are invited to be present.

—Lacrosse men are requested to turn out in full force on the Hudson Bay grounds tonight, as the team which will oppose Strathcona Tuesday night is to be selected.

—One case was up at the police court this morning. The charge was drunkenness and improper language on the front street. A fine of \$25 and costs (\$36) was imposed.

—The weather is bright and sunny again today after a couple of days of wet weather. The roads have dried up very quickly. We can't get too much hot weather from this out.

—C. C. H. Cowen, of Warrensburg, Ill, who has been spending a few days in the Edmonton district, returned yesterday from a trip to the Egg Lake district. He is greatly pleased with this section of the country.

—Medicine Hat News: Conductor Flett has been promoted to the position of transmitter and will shortly remove to Calgary, which he will make his headquarters. His district will be from Laggan to Swift Current, and Edmonton to Macleod.

—Reports of a board of trade meeting yesterday, a meeting of the exhibition association directors this morning, have had to be held over for tomorrow's issue owing to a breakdown in the mechanical department.

—A regular meeting of the city council was held in the council chamber yesterday evening. The principal business transacted was the consideration of the estimates. The rate was struck, which will be fifteen mills for Roman Catholics and seventeen for Protestants. A more complete report of the proceedings will appear in tomorrow's issue.

—Prince Albert Advocate: The harvest has commenced in this district. Mr. Amos Plaxton, of Cecil, commenced cutting his barley harvest on Thursday last, 4th inst., and has now finished his crop of that grain. Several other farmers from different localities are reported as having made a commencement on the barley harvest. It will be a couple of weeks yet before any wheat is ready for the binder. Magnificent crops all over Saskatchewan are reported.

—Mr. Payne is in Edmonton today from St. Louis. While viewing the World's Fair in his native city, he was amazed at the magnificence and diversified nature of the Canadian exhibits of the products of the farm, the mine and the forest. So greatly surprised was he to see Canada surpassing the states of the union, that he decided to come up and see the country for himself. Needless to say he is overjoyed with the exceeding fertility of the soil and the possibilities and prospects of the country generally. He will spend a couple of days in and about the city before continuing his trip through the Canadian west.

—The Edmonton Trades and Labor Council are making preparations for the Labor Day celebration. It will take the form of a monster parade and speeches will be delivered. An effort is being made to arrange for a baseball match, horse racing and other sports on the exhibition grounds. A concert will be held in the rink in the evening. The following committees have the arrangements in charge: Parade committee—W. A. Deyl, B. Cardinell, A. J. McArt, W. West, Hope. Grounds committee—W. B. Willis, S. Crompton. Sports committee—John Kay, W. A. Deyl, D. O. Peterson, Merdock, Hinch.
